POLICY FOR FEE CONCESSION TO COLLEGE STUDENTS

Our college practices fee concession for poor and needy students. In this process, at first level, students give application to their respective class incharges. Then class incharge checks income status & family background of the student and takes interview of the student. At second level, the application is being forwarded to the college superintendent. The superintendent discuss all cases of fee concession with the Principal. Non-Teaching staff check the result of the students if there is any case of re-appear. At the final level, principal discusses the cases with the management of the college and allows fee concession to the needy students.
